RELAX

Storage System

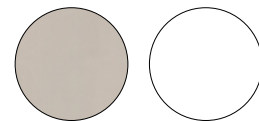

The Relax System will fit anywhere in the home, into any awkward space. The combinations are limitless and by using the accessories which simply slide into place, you can achieve an entirely tailor made storage solution every time.

This furniture system combines form and function allowing you to choose from a range of stylish components to create a completely personalised living space.

Endless combinations can be achieved, giving Relax multiple uses such as a room dividers, display systems, shelving & storage or a fabulous walk in wardrobe.

The only limit is your imagination, making it the perfect choice for an installation professional.

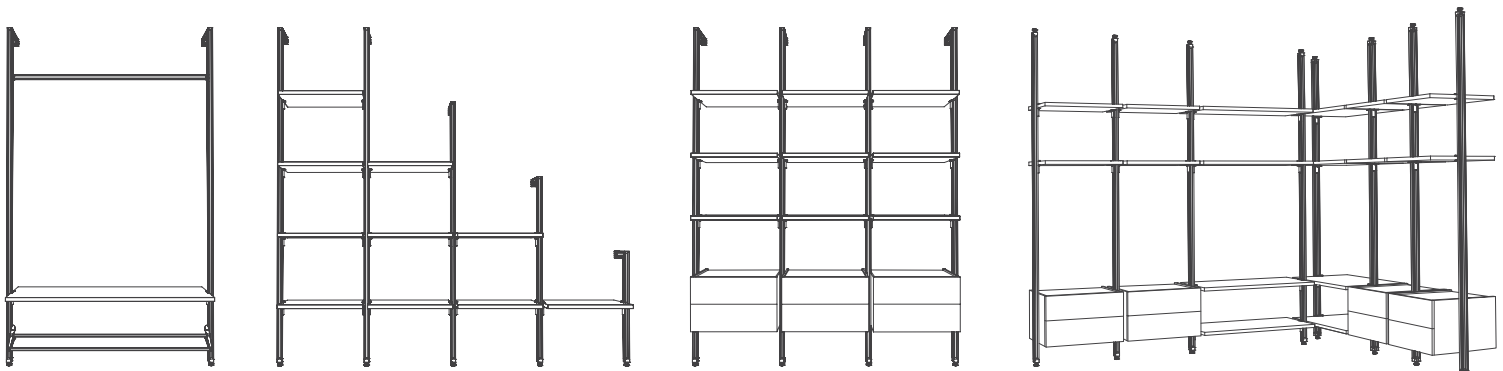

Wood components available in:
