SHAKER

Door Hardware

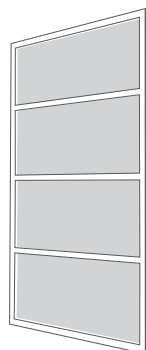

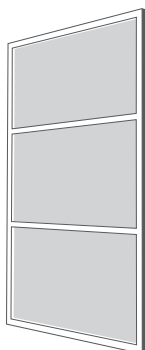

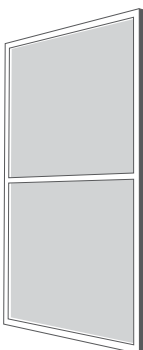

Produce great looking, versatile & quality sliding doors with Spacepro steel hardware. We have everything you need to make doors you'll be proud to sell.

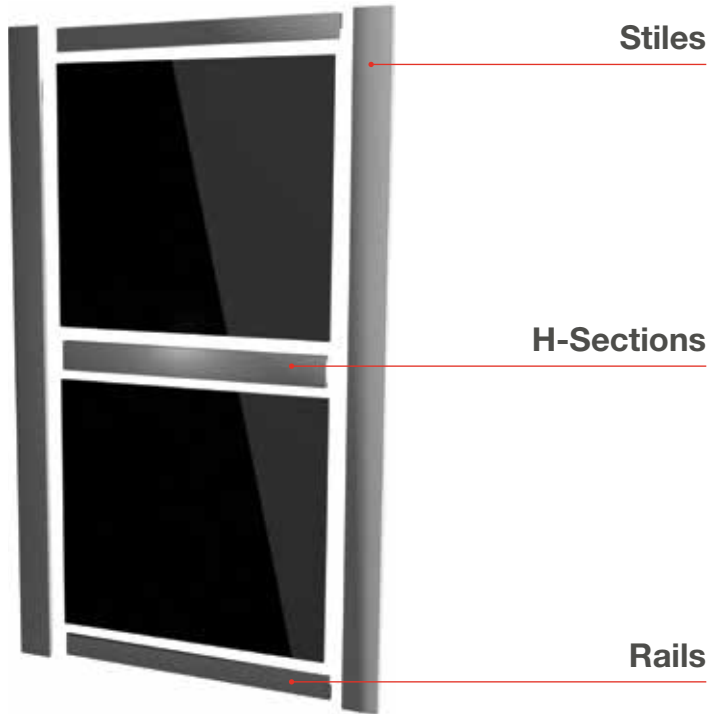

An undoubted modern classic, the Shaker profile is at home in traditional or contemporary surroundings. Available in a variety of wood finishes or matt white.

Key features:

- 'Shaker' design exclusive to Spacepro
- Wide range of unicolour and wood effect finishes available
- Easy and quick to assemble
- Improved running gear for the smoothest of sliding actions

Technical Information

Calculating doors and overlap widths.

Sliding Door Overlap	75mm
Door Height	Opening height minus 54mm (track & wheel allowance)
Door Width (for sliding doors)	$\frac{\text{Opening width} + (\text{Number of overlaps} \times \text{Overlap length})}{\text{Number of doors}}$
Stile Length	Door height minus 2mm
Rails & H-Section Lengths	Finished door width minus 2 x overlap
Panel Height (1 Panel)	Door height minus 2mm
Panel Height (Multi Panel)	Panel height divided by the quantity minus 51mm for each break
Panel Width	Finished door width minus 2mm

Door configurator can be provided on request.

Ask your Spacepro account manager for information about notching tools.
